Hiring Manager
Otsuka Holdings Co., Ltd.
2-9 Kanda-Tsukasamachi
Chiyoda-ku, Tokyo 101-0048
Japan

Dear Hiring Manager,

I am writing to express my interest in a Cybersecurity and Data Analytics–focused position with Otsuka Holdings Co., Ltd. I bring over 20 years of leadership and technical operations experience, combined with a strong academic background in Information Technology Management and upcoming graduaffte studies in Cybersecurity Data Analytics. I am eager to apply my skills in risk management, process improvement, and data-driven decision-making to support the security and technology objectives of your organization.

Throughout my professional career, I have worked in complex, fast-paced environments where protecting information systems, maintaining operational continuity, and managing risk were critical priorities. I have extensive experience leading large teams, coordinating technical projects, and implementing structured processes to improve performance and security. My responsibilities have consistently required analyzing vulnerabilities, enforcing compliance standards, and ensuring that technology systems function reliably and securely.

In senior leadership roles, I managed teams of more than 70 personnel, oversaw scheduling and resource allocation, and implemented process improvements that increased productivity and reduced operational inefficiencies. I also led cross-functional technical teams to evaluate system performance, resolve technical issues, and improve overall readiness. These experiences strengthened my ability to assess risk, interpret complex information, and translate technical details into actionable business solutions.

I am particularly interested in Otsuka Holdings because of your global commitment to innovation, data integrity, and responsible technology use. I am excited about the opportunity to contribute to cybersecurity initiatives that protect critical business information and support informed, data-driven decision-making. My combination of leadership experience, analytical skills, and commitment to continuous improvement would allow me to make a meaningful contribution to your organization.

I would welcome the opportunity to discuss how my background and skills align with the needs of your team. I am available at your convenience and can be reached at 619-955-3714 or by email at kyle@mryourpc.com. Thank you for your time and consideration.

Respectfully,
Kyle Jones
